Becoming a Licensed Belief Re-patterning™ Practitioner

Timeline and Training Structure

The program begins with The Basics followed by 3 Apprenticeship Modules. Each module is a prerequisite for the next. The process of becoming a Belief Re-patterning™ Practitioner ranges from 8 month to 2.5 years for completion depending on how quickly you choose to move through the course work. (Exact times will also vary according to course date availability). In order to become a Licensed Belief Re-patterning™ Practitioner, there are steps that must be completed:

- The Basics
- Apprentice Level 1

Practicum: Once you have completed the Basics Module, you will begin your 75 hours of practical experience during the course of your apprenticeship. During this time, Practitioners-In-Training will be mentored and monitored. *As a Belief Re-patterning™ apprentice, the practicum is designed to generate income whilst you study to become a Practitioner. Earn while you learn!*

Total instruction time is 62 hours (18 hours x 4 courses) plus a guided practicum which includes working with other Practitioners and Apprentices. This allows for continual learning as you create your own business within a stable support structure.
